SHANKS CASE UP IN COURT

INJUNCTION SUIT AGAINST CITY BEING HEARD TODAY.

OTHER PROCEEDINGS

Five Divorces Were Granted—Criminal Docket Will Be Called Next Week.

The hearing of the injunction case of James A. Shanks against the city of Maryville to restrain the city from purchasing the Kuster tract of land of seven and a half acres adjoining Oak Hill cemetery was up in circuit court this afternoon. Shanks who lives adjoining a part of the Kuster tract of land claims his premises will be damaged and will be unfit for his home if the city is permitted to buy the tract and to use it as a public burial ground.

The docket was gone over this morning in circuit court. The criminal docket is set to begin next Monday when the petit jury is summoned. There will probably be four criminal cases to be tried. The trial docket is scheduled for Monday, Oct. 19.

Other proceedings in circuit court were:

A decree of divorce was granted to Hattie Opal Purdy from William Henry Purdy. Care and custody of a minor child was given to the plaintiff.

Inez Keesler vs. Perry E. Keesler, decree of divorce granted and maiden name of Inez Teaney restored.

PIRATES WIN; SCORE 3 TO 2

PITTSBURGH EVENS GAMES WITH WASHINGTON.

WRIGHT IN HOME RUN

Former Kansas City Blue Player Evens Score for Pittsburgh in Fourth—Aldrich Stellar Pitcher.

Pittsburgh won the second game of the World's series today from the Washington Snators.

The final score was 3 to 2.

In the fifth inning, Aldrich, moundsman for Pittsburgh, pulled himself out of a bad hole of having three men on bases and no outs. Two outs were at the plate and one was thrown out at first.

Again in the ninth inning, Aldrich was in the same position, but pulled himself out, allowing Washington only one run.

Glen Wright, former Kansas City shortstop, made a home run in the fourth, evening the score for Pittsburgh.

In the eighth, Cuyler, Pittsburgh right fielder, hit a home run with Moore on second, putting Pittsburgh in the lead by two runs.

The batteries for today's game was, Washington: Coveleskie and Ruel, for Pittsburgh: Aldridge and Smith. The score by innings:

	123	456	789	R.	H.	E.
Washington —	010	000	001	2	8	3
Pittsburgh —	000	100	02x	3	7	0

A home run by Joe Judge, first baseman on the Washington Senators, placed his team in an early 1 to 0 lead by hitting into left field seats for a home run. The veteran Stanley Coveleskie was the choice of Young Harris in the attempt to win two straights in the World Series against Pittsburgh. "Vic" Aldridge was selected by McKecknie, manager of the Pirates, to pitch for Pittsburgh in the attempt to get an even break in the two games.

Aldridge was in danger during all of the early innings of the game and Pittsburgh had a pitcher in the "warming-up oven" to relieve the hurler but he managed to keep the Senators from pushing over any scores. In the third inning the Pirates made a great bid for a score. With Aldridge and Carey on first and second Cuyler hit a smokey grounder which was caught by pitcher Coveleskie and forcing Carey at second.

Forty-five thousand fans again packed the Forbes field to capacity. A short memorial service was held by the players and officials in honor of "Christy" Mathewson, who died yesterday. All of the players wore black felt on their arms. Cuyler was the favorite of the Pittsburgh fans on account of his home run in yesterday's game.

In the fourth inning Glen Wright made a beautiful catch of Goslin's seeming hit which was followed by Barnhart's sensational catch of Judge's fly.

To Plead Insanity and Self Defense

Kansas City, Oct. 8.—Insanity and self defense will be the defense of Roy B. Garvey, charged with the murder of James W. Garvey, Millionaire lumber Man. This was indicated in the opening statement today of Charles M. Howell of the defense counsel. The state rested at the opening of court today. The defense's testimony is expected to take a week.

Mr. and Mrs. Allen Duncan of Elmo had as their guests today Mrs. Maggie Mounts of Sedalia, Sam Webb and laughter, Miss Jennie Webb, and Miss Jennie Duncan of Wilcox.

Omer Fisher of Los Angeles, Cal., is visiting his parents, Mr. and Mrs. S. E. Fisher, and family.

NODAWAY CAN "SHOW" IOWA

"TALLEST CORN" GROWS IN THIS SECTION.

CONCEPTION PROVES IT

Number Of Displays At Show Being Held There This Week—Several Floats In Parade Yesterday.

Up in Iowa they sing something about "Where the Tall Corn Grows." In Nodaway County, Missouri, this might be amended to "Where the Tallest Corn Grows."

Evidence of this contention can be found at the Conception Corn Show being held this week and closing Saturday. A number of stalks of corn measuring more than fourteen feet high can be seen in front of several stores in this town in the eastern part of Nodaway County.

A number of exhibits are on display and more will be put in place today and tomorrow. They consist of samples of various grain, pumpkins, squashes, fresh and canned fruit, onions, potatoes, popcorn and fancy work of all kinds. A large crocheted bedspread was the central attraction at the fancy work display.

All of the stores in Conception Junction this week are decorated in honor of the corn show there.

The Conception Junction public school won the first prize of $25 for the best float in the school parade held yesterday afternoon. The float portrayed autumn, the color scheme being yellow and white.

The Holy Family school won the second prize of $15 with its float portraying "The Landing of Columbus."

The Clyde public school was awarded third place and $10 for its float portraying a "Scene on Flanders Field."

In addition to the winning floats, others were entered from Conception Junction High School, Conception, Green Valley, Green and Swinford schools.

The judges of the contest were Mr. and Mrs. William Leonard of Ridgeway, Guy Kaufman and William Smith of Kansas City.

A band contest features Nodaway County day at the Conception Junction corn show today. Bands are entered from Albany, Stanberry, King City, Guilford, Barnard, Conception College and Conception Junction. A rodeo also starts today and will give shows until Saturday night.

Tomorrow will be farmers day and Saturday, Chicago Great Western day. Good programs have been arranged for both days and large crowds are expected to attend.

Dr. F. D. Smith is general chairman in charge of the event. Lee R. Stowell is secretary and Roy Fitzsimmons, treasurer. W. B. Braham is chairman of the grounds committee, T. F. Merrigan, chairman of the speakers committee and Lee R. Stowell heads the amusement committee. J. C. Lynch is in charge of all parades.

Ship's Searchlight Fails in Emergency

Commander Of City Of Rome Which Crashed With U. S. Submarine Tells Of Disaster Cause.

Boston, Oct. 8.—A searchlight on the City of Rome failed to work in the emergency when the coastal liner crashed with the U. S. Submarine S-51 off Block Island September 25, resulting in the sinking of the submarine and the loss of thirty-two of her crew.

This admission was made on the witness stand today in an investigation hearing by federal steamboat inspectors by Capt. George Diehl, commander of the City of Rome, and his chief engineer, William Boll of New York. Captain Diehl's voice broke as he told his own story of the sea crash.

"Watching through the starboard window of the pilot house, I saw a white light," testified Captain Diehl. "Then a red light flashed and I shouted, 'Hard aport.' I threw back the telegraph to the engine room. I grabbed the whistle and my hand snapped off the whistle line. I next grabbed the whistle and blew several short blasts. Next came the crash."

Presley Bailey and Harry Piveral, living west of Maryville, returned today from Omaha where they have been attending the American Legion convention.

Mitchell Welling of Leon, Ia., is visiting his parents, Mr. and Mrs. Fred Welling, for a few days.

Mathewson Dies at Saranac Lake

Death of Baseball Idol Was Unexpected By Hosts of Friends Over World.

Saranca Lake, N. Y., Oct. 8.—Christy Mathewson, "Big Six" of baseball and president and part owner of the Boston Braves, died here at 11 o'clock last night.

Death, according to his physician, Dr. Edward N. Packard, was due to tuberculosis pneumonia.

Until several days ago Mathewson was in excellent condition, his friends here were told and his death was unexpected.

Mrs. Mathewson, who has been in constant attendance at the bedside of her husband ever since he was forced to give up active participation in the affairs of the Boston club, was with baseball's great idol when he died. His son, Christy Mathewson, Jr., is at College.

CURL BRINGS SALARY SUIT

AGAINST COUNTY COURT FOR $5,000 BACK SALARY.

IN COURT OCTOBER 19

Former Prosecutor Says He Is Entitled To Back Salary—Is Similar to The McCaffrey Suit.

Dr. O. L. Curl, prosecuting attorney of this county from Jan. 1, 1923 to Dec. 31, 1925, has filed a mandamus suit against the county court for $5,000 additional salary. The alternative writ of mandamus is returnable on October 19 and the county court judges are to show cause why payment should not be made.

In his petition, Dr. Curl says he was paid at the rate of $2,500 a year and under the law the amount of the salary as prosecuting attorney is ascertained by multiplying the whole number of votes cast at the last preceding presidential election by 5, giving this county an assumed population of 62,475, and fixing the salary of the office at $5,000 a year.

Charles F. McCaffrey, a former prosecutor, was paid his additional back salary by the county court after the supreme court had decided in McCaffrey's favor. This was several months ago. The county court at that time said they would not pay Dr. Curl unless they were forced to do it by the courts.

Dr. Curl is now pastor of the Paseo M. E. Church of Kansas City.

Special Train Late in Reaching Capital

Washington, Oct. 8.—The special train carrying President and Mrs. Coolidge on their return trip from Omaha, arrived here shortly after 10 o'clock this morning nearly two hours late. The delay was due to a freight wreck in West Virginia, which forced a detour of the special.

One Killed, Another Injured in Crash

Mitchell Field, N. Y., Oct. 8.—Harry Burnelli of Hasbrouck Heights, N. J., was killed today and C. D. Chamberlain, Patterson, N. J. injured when their plane CE-2 crashed to the ground outside the airdome here during the free-for-all race for civilian airplanes, the opening contest of the 1925 national air races.

Chamberlain suffered a broken ankle. He said the wing of his plane snapped and the plane dropped to the ground.

Previous official reports gave both men as killed.

Albert Wilson Now at Scappoose, Ore.

In a communication to Marion F. Smith of the Democrat-Forum, Albert Wilson, a former resident of Nodaway County, tells of the country in the vicinity of Scappoose, Ore., where he is now living. The town is on the Columbia River highway and is twenty miles north of Portland. It has a planing mill, consolidated approved high school with free transportation for the pupils. The lumber and dairy industries are the principal ones in that section, Mr. Wilson says.

Mrs. William Foster will leave tonight to join Mr. Foster at Clinton, Ia., where they expect to remain until the first of the year.

An Explosion Wrecks St. Louis Gas Office

Early Reports Do Not Indicate Whether Any Are Killed in Disaster—Firemen Attempting Rescue.

St. Louis, Oct. 8.—An explosion wrecked the downtown office of the Laclede Gas Co., in the heart of the business district, shortly after 2 p. m. today.

Early reports did not indicate whether any were killed although many were employed in the building.

A fire set in immediately following the explosion and hindered the work of the firemen who were entering the building attempting to rescue persons thought to be trapped on the second and third floors.

YOUTH LOSES FIRST BATTLE

HIGH SCHOOL ATHLETE ON TRIAL FOR SLAYING.

WOULD QUASH CHARGE

Court Overrules Defense Motion—Seeming Complication In Court Opinions Of Missouri.

Sedalia, Mo., Oct. 8.—Everett Adams, 17-year-old Wilmington, Ohio high school athlete, lost the first battle of his fight for freedom in his trial on a charge of slaying Aden R. Clawson, Ladi, N. Y. school teacher, August 1. The trial opened here today.

Judge Dimmitt Hoffman overruled the defense motion to quash the indictment on the grounds it should have been brought in the juvenile court. This is more than the usual formality as there is a seeming complication in Missouri court opinions.

Adams, the defense alleges, was only 16 when Clawson was killed.

The young defendant, fashionably dressed, paid no attention to the crowd of more than fifteen hundred, most of them women, who jammed the courtroom. He sat down in front of his mother and father, Mr. and Mrs. Henry Adams, while only a few feet away, Mr. and Mrs. George W. Manville of Towanda, Pa., watched him closely. Mrs. Manville is a sister of the dead man.

Defense attorneys were asking every prospective juror whether he has a family and whether he is the father of a young boy.

Discuss Immersion at Church Convention

Those Favoring This Form of Baptism In Majority On Committee of Recommendations At Int. Meet.

Oklahoma City, Oct. 8.—A debate started with dramatic earnestness over the subject of immersion as a necessity for entering the church at the annual international convention of the Disciples of Christ today. Those favoring immersion were in the majority in the committee on recommendations that brought the matter before the convention.

A vote probably will not be reached today.

The main convention theory today is making disciples in the region beyond.

Mrs. Turpin Heads Centenary S. S.

The Rev. L. O. Hargrave filled his appointment at the Centenary Church last Sunday morning at the usual hour with a very good attendance.

The Sunday School officers and teachers for the year were appointed, as follows: Superintendent, Mrs. Carl Turpin, Skidmore; assistant superintendent, Miss Sallie McDonald, Quitman; secretary and treasurer, Miss Mary Hamilton, Quitman; assistant secretary-and-treasurer, Miss Emma Hafley, Quitman; organist, Miss Edna McGinness, Quitman; assistant organist, Miss Vernie Reed, Skidmore; cradle roll superintendent, Miss Maxine Nichols, Quitman; teachers—senior class, A. E. Clouse, Quitman; young people's class, Mrs. Sam McGinness, Quitman; junior class, Mrs. Charles Nichols, Quitman; primary class, Miss Eldora Nichols, Quitman; ushers, Eraie Reed and Leland Nichols.

Miss Beulah Jones of Topeka, Kan., who has been visiting at the home of her uncle, B. F. Jones, and family, since Sunday, returned home today. She was accompanied home by her cousin, Miss Opal Jones, for a few days' visit.

TO WAIT FOR COURT TRIAL

MITCHELL WON'T GIVE TESTIMONY BEFORE BOARD.

HOLDS TRUMP CARD

War Department Officials Point Out That Air Critic Is Only Ordered To "Appear."

Washington, Oct. 8.—Col. William Mitchell, the storm center of the aircraft controversy, who charged that the loss of the dirigible Shenandoah with fourteen officers and men was due to the "bungling stupidity of the navy department," flatly refused to answer any questions today when subpoenaed before the navy court of inquiry that is investigating the disaster with a view of fixing the responsibility for it.

After a stormy scene in which hot words were exchanged between Mitchell's counsel, Representative Frank S. Reid of Illinois, and the naval officers comprising the court, Mitchell put on his hat and left the courtroom.

He assigned as his reason for refusing to testify that his testimony might prejudice his case in the court martial proceedings now being brought against him by the navy department.

The court then went into executive session to decide upon further action. Admiral Jones explained that after a decision has been reached, the court will be reconvened after a conference as to what should be done. Commander Foley, judge-advocate of the court, was instructed to go to the war department immediately and report that Colonel Mitchell had refused to obey the subpoena and order of the war department to appear.

This report was to be made to Mitchell's superiors for such disciplinary action as they might care to take.

After consulting the regulations, war department officials said they did not consider that Mitchell had violated any of their orders in refusing to testify, as he was ordered merely to "appear" at the inquiry. Consequently they indicated it was up to the naval court to take whatever action it could or would in the matter.

Larger Cotton Crop Because of Rains

Government Bureau Predicts 14,759,000 Bales, Which Is Nearly Million More Than Last Report.

Washington, Oct. 8.—Based on current prices, cotton growers have been enriched many millions of dollars since September 1, according to today's government report, showing an indicated production of 14,759,000 bales, which is 828,000 bales larger than estimated on September 16 and 1,019 bales above the estimate of September 1.

September rains revived drought-stricken plants to an unexpected extent, especially in regions west of the Atlantic states.

Since rains broke the drought in Texas, a large cotton acreage that looked as though it might be abandoned, has revived and will be picked.

Claytonians Meet in Regular Session

The Claytonian Literary Society of the Maryville High School, sponsored by Miss Laura B. Hawkins, at its meeting this morning, broke away from its usual routine of program entertainment and was devoted to much merriment and mirth in which the entire organization exchanged jokes. There will be no meeting next week owing to the teachers meeting.

A club debate team has been chosen and will be in action at the next meeting time. The members of the teams are Willis Wamsley, Walter Allen, Petie Dietz, Ralph Graves, Ralph Hotchkin and Kermit Gary.

Roy Keever was a new member who joined this morning.

THE VALUE OF EDUCATION.

There is no fixed measure of the relative value of trained men and of untrained men. The dean of a Boston college fixes the average maximum income of the high school graduate at $2200 and of the college graduate at $6,000. His figures may be accurate as averages, but there are untrained men earning more than trained men and there are trained men earning more than other trained men.

But it is averages in which the world is interested. That one man is made by education or that another gets by with mother-wit does not interest the public. It cares only for generalities, not the exceptions. That is why the statistics of the Boston dean are accepted and why the world concedes the value of an education.

Two who have gone through the same curriculum may be poles apart in the use they make of their minds. One man owes more to mother-wit than the books could teach him. But he who goes farthest absorbs theory and learns from practice too. The most skillful craftsman at the work bench does not pour contempt on technical literature, but consults it at every opportunity, knowing where to put his finger on the reference he wants.

One of the most difficult things for men to determine is whether to stay single or stay at home.

Gives Advice to Expectant Mothers

"I ADVISE all expectant mothers to use Mother's Friend." Writes Mrs. Wesley Miller, Hudson, Mich. "I have had nine children. With my first three I suffered for 24 hours. Beginning with the fourth I used Mother's Friend and was sick only 15 minutes. Since then I have had five and was only sick about 10 minutes with each."

Mother's Friend is the formula of an eminent physician and has been a positive blessing to thousands of expectant mothers for over three generations. Plain oils only penetrate the skin. But the highly refined oils and other ingredients in Mother's Friend make it *penetrate* through the skin to the muscles and ligaments; making them soft and pliable, thus aiding the tissues to relax and adjust themselves to the changes during motherhood.

The mothers who praise Mother's Friend the most are those who did not use it with their first baby but through its use with the second, were able to realize its almost unbelievable results.

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 34, Atlanta, Ga., for *free* valuable booklet "Motherhood and the Coming Baby (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—*everywhere*.

SICK WOMEN OF MIDDLE AGE

Can Be Carried Comfortably Over The Critical Period by Lydia E. Pinkham's Vegetable Compound —Note Mrs. Headden's Case

Macon, Georgia.—"During the Change of Life I suffered with my whole right side and could not lie on my left side. I was in bed about two months and could not get up only as my son would lift me. After doctoring without relief a man who was rooming with us told my son that Lydia E. Pinkham's Vegetable Compound cured his mother at the Change of Life, so I began taking your medicine. After taking it for two weeks I could get out of my bed by myself. I am now 53 years old and in better health and stronger than ever in my life. I have recommended the Vegetable Compound to many suffering women, young and old, and you may use my name anywhere as long as you please. I will be glad to answer any letters sent to me."—Mrs. F. B. HEADDEN, 5 Holt Avenue, Macon Georgia.

In a recent country-wide canvass of Lydia E. Pinkham's Vegetable Compound, over 200,000 replies were received and 98 out of every 100 reported they had been benefited by its use. For sale by druggists everywhere.

Hall's Catarrh Medicine will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. Also as a Blood Purifier it gives wonderful results. All Druggists. F. J. CHENEY & CO., Toledo, Ohio

You don't buy GASOLINE You buy SERVICE

True, you get so many gallons of gasoline for so much money, but after it is in your tank it then transforms itself into a service.

That service may be good or bad. It may bring you dirty spark plugs, slowness in starting, excessive carbon or other troubles that you didn't bargain for or expect.

Marland Gasoline, on the other hand, gives you the kind of service you expect and should have. It is uniform, dependable, clean burning and leaves the minimum of carbon deposit.

And Marland Gasoline is easy to buy. Look for the Marland Signs on stations. They are plentiful enough to supply you on short and long tours throughout the states.

Building Your Estate

Create it Now

or

Save It from Now On

The old fashioned plan is to save and invest throughout productive years. Barring accident or misfortune, it works. A hazardous plan though—proved by the very small percentage leaving estates of over $5,000.

The modern method—the sure method—is the insurance trust. A comfortable estate is created immediately. Accident cannot affect it. If you live you save it ultimately—but the hazard is out. Just ask an officer for the simple details of this certain plan of protection.

Millionaires Are in Making Again

Washington, Oct. 8.—Millionaires are in the making once more, figures given out by the Internal Revenue Bureau show.

Seventy-four persons paid income taxes on 1923 incomes in excess of a million dollars—an increase of seven over 1922.

The bureau's table shows that in 1914 there were 60 persons whose income exceeded a million dollars a year. Then came the way in Europe and millionaires began to be made "over night" so that in 1f15 one hundred and twenty had million dollar a year incomes.

New York leads the 1923 list of "million a year men" with 33. Pennsylvania has 10. The others come from Alabama, California, Connecticut, Indiana, Massachusetts, Michigan, New Jersey, Ohio, Utah, Illinois and Wisconsin.

New Cashier for Bank of Hopkins

(Hopkins Journal).

Fred B. Monroe is now cashier of the Bank of Hopkins, succeeding Charles E. Donlin, who becomes vice-president of the institution.

There will be no change whatever in the policy of the bank, Mr. Donlin being elected to the vice-presidency to succeed Roy Wolfers who is now in California and Mr. Monroe being elected to take his place.

"Fred" has been with the bank since a boy, going in as a clerk some twenty-five years or more ago and has proven himself competent and trustworthy and will prove a worthy successor to Mr. Donlin who has always been popular as cashier and will be just as valuable to the bank in his higher position.

Ohio Cemetery Seeks to Form Association

Articles of agreement for the Ohio Cemetery association in Burlington Junction were filed in circuit court today. The purpose of the association is to purchase the remaining unsold lots and tracts of Ohio Cemetery and to control Noffsinger Cemetery as well as to acquire an additional grounds adjacent for cemetery purposes. The articles were signed by forty-six people of Burlington Junction.

Cornfield Romance.

(Hopkins Journal).

Andrew Wiley who resides at the south edge of Hopkins, was sitting on his porch last Friday afternoon when his attention was attracted by two cars that stopped a short distance south of his house. A man alighted from each car with grips in hand and made straight for the nearby cornfield of Albert Sheley. Whether the grips were empty or full, Mr. Wiley does not know, neither can he imagine the reason of the men going to the corn field. The cars were decorated with streamers advertising the Conception corn carnival being held this week, and Mr. Wiley ventures the guess the men were after some real corn to exhibit over there, Conception having none that will hold "a patchen" to the corn around Hopkins.

Dentists To Meet In St. Joseph.

More than 300 dentists from northwest Missouri, northeast Kansas, southeast Nebraska and southwest Iowa are expected to attend the annual "Big Four" dental meeting to be held at St. Joseph, October 19 to 21. Students Tell of Their Trip to Ford Orchard

The following essay on their trip to the Ford orchard near Orrsburg was written by the agriculture students in the seventh and eighth grades at the Council Corner school:

"Yesterday afternoon (Thursday), we in the Agriculture class went to visit an orchard. We went to the Ford & Ford orchard, located near Orrsburg, Missouri.

"We started about three-thirty. We went in Mr. Burrs car.

"When we arrived at the orchard, we found them picking, grading and packing apples. The orchard contains eighty acres, twenty of which are set with Jonathan apple trees. The remaining sixty acres are of different varieties.

The orchard, which is thirty-two years old, is taken excellent care of. The trees are sprayed five times each season. The first spray is called the Lime and Sulpher spray. The four following sprays are called the Bordeaux spray. The trees are sprayed every ten days following the first spray.

The men are payed six cents a bushel for picking the apples; they can pick from fifty to seventy-five bushels each day.

The apples are picked and put in barrels, and hauled to the house. Then they are poured out of the barrels into long chutes, where they are sorted. After they are sorted they are packed in three bushel barrels; some of them are sold and the rest are put in cold storage to be sold later.

The apples are sorted into No. 1 and No. 2. The number one are extra good ones. To be a No. 1, they cannot be less than two and one-fourth inches in diameter and free from worms. They are at least 50 per cent red in color and free from bruises. These apples sell for two dollars and a quarter a bushel.

The No. 2,'s are the next best apples; they sell for one dollar a bushel. The worst of the No. 2 apples are made into cider.

After we got through at the orchard, we got into the car and started for home. We had some car trouble and did not get home till late, but we had a good time anyhow.

New Forgery Scheme Has Been Discovered

Boy Is Sent To Drug Store With Note. Supposedly From Well-Known Resident of City.

(Chillicothe Tribune)

One of the latest schemes in forgery to be perpetrated in Chillicothe has just come to light.

Saturday night a boy between 12 and 13 years old ran into the Clark Pharmacy bearing a note presumably from Dr. Claude P. Stubbs, local dentist, asking that the check which the boy was carrying be cashed and send the money by the boy to Dr. Stubbs. The check, which was one from the Farmers and Merchants Bank, was made out to Dr. C. P. Stubbs for $10 and signed by James W. McCormick.

The check was cashed and the money given to the boy. The check was placed in the deposits of the pharmacy and sent to the bank. Late Tuesday the check was returned marked no funds. Mr. Clark turned the check over to Chief of Police Maurice Dorney who is working on the case.

According to reports received at police headquarters this same game was worked in La Salle, Ill., and Ottawa, Kas., recently.

The officers have never had this class of forgery to deal with, as the forger was never seen by Dr. Stubbs nor at Clark's Pharmacy where the check was cashed and the boy who took the note and check to the pharmacy is not known and therefore the officers have very little to work on to apprehend the forger, who probably occupied a bench in the park while the boy was getting the check cashed.

Another forged check came to light at noon today. It was a check made payable to Elton L. Marshall and signed by McCormick. The check was for the same amount and given on the same bank as the Stubbs check.

The Marshall check was cashed at the Star Cafe by a boy carrying a note the same as at Clark's Pharmacy.

Chief Dorney would like for the boy, if he was a local boy, who carried the notes and checks to come to his office for a conference as the boy can give the officers a good description of the man who passed the fraudulent checks.

However, as new problems are facing the police every day, Chief Dorney stated this morning it is just one more new way of getting money without working for it, and he will endeavor to apprehend the man who gave the check.

Dr. Nelson to Head Boonville Bank.

Boonville, Mo., Oct. 8.—The Boonville National bank yesterday announced Dr. A. W. Nelson, Democratic nominee for governor in 1924, will be president of that institution, succeeding B. M. Lester, retiring president. Dr. Nelson will continue to manage his farm near here. The Boonville bank has resources of $2,000,000 and more than 5,000 depositors.

ELMO.

Miss Gwendolyn Meek was an over Sunday visitor with Maryville relatives.

Mrs. Hugh Hill north of town is entertaining her mother, Mrs. Montague of Blanchard, this week.

J. J. Russell sent a load of hogs to St. Joseph Friday for the Elmo Co-Operative Association.

Rev. T. M. Taylor, the new minister at the M. E. church, South, is now domesticator in the parsonage, they having moved in last week. We welcome this very excellent minister and his family among us. May their stay be pleasant and profitable.

With the approach of colder weather and better radio conditions we had a severe case of the radio fever. The other day the fever broke. Now we are financially broke but not in the hands of the government as a bank rupt. While some of our neighbors are being entertained we are too on our 5-tube Aerodyn which Harley Burch installed for us a few days ago.

Rev. E. O. Wells and wife returned Sunday from Tarkio where they attended the Missouri annual conference of the M. E. Church. During the session Rev. Wells was returned to the pastorate of the church here for the coming conference year. For the past year he has made an enviable record and our citizenship are pleased that he and his good wife are to stay among us.

Several of our radio bugs enjoyed the Omaha address of President Coolidge Tuesday along with the broadcasting of the American Legion parade in the Nebraska city. Folks must have endorsed the President's address as we have not heard of anybody tuning out while he was talking.

The rain the first of the week kept some of our late wheat sowers out of the fields.

LONE VALLEY.

A number from this community attended the Carnival at Maryville last week.

Francis Dillon of Forrest City spent Wednesday evening with his sister, Mrs. Charles Pierson and family.

Forty-five in attendance at the Chapel for Sunday School Sunday.

Mr. and Mrs. Elmer Orme of Bedford, Ia., spent Monday morning at O. H. Carmichaels. Mr. Orme was a former resident of this community and also attended the Lone Valley School when Mrs. Carmichael was teacher.

Mr. and Mrs. Heaman Sears had as their guests Sunday, Mr. and Mrs. Walter Griffith and daughter, Roine, and Miss Lobertia Meadows and Lester P. Piveral.

Mr. and Mrs. Heaman Sears spent Monday with Mr. and Mrs. Will Kieth near Hopkins.

Mr. and Mrs. George Sexson and son, Harold, and Cecil Hays were visitors at Charles Pierson's Sunday.

Mr. and Mrs. Edd Van Pelt and sons visited Sunday afternoon at the Ormand Mitcheal home.

HARMON SCHOOL.

We are planning to serve our first hot lunch tomorrow. Mrs. Clemons has loaned us her oil stove for our use this winter.

All of the parents i n our district are invited to our school house Friday afternoon. They are urged to come at noon, about 1:00 o'clock and visit our classes. After recess the children are planning a program for them. So parents and friends we urge you to come, Friday afternoon at 1:00 o'clock.

Why try to get along without a top coat again this Fall?

You pulled through all right this Spring without a Top Coat—you said to yourself, "I'm saving just so much money"—but we're asking you now—"where are the dollars you saved—can you lay your hands on them?"

You need a Top Coat for Fall—you know that—as well as you know your name—and in the name of good health and sound sense—why don't you buy it today is beyond us.

Here are the coats—wonders at $25.

Here is the weather—it's a wonder you haven't taken cold already.

Gasoline—12¼% of Operating Cost

The Standard Oil Company (Indiana) contends that gasoline is the cheapest commodity in the world, when considered in relation to the service it gives. It contends further that gasoline is not a major expense in the operation of an automobile.

In support of this contention, we present below, the experience of Mr. Royal S. Kellogg with three different types of cars, as reported in the August issue of Nation's Business. Mr. Kellogg has devoted himself chiefly to cost accounting in the News Print industry. He is a highly skillful enthusiast in arriving at accurate costs.

Operating Cost of Car No. 1—Price $792.90
14000 Miles from July 31, 1915 to Feb. 1, 1918, 11 Cents per Mile

Depreciation	3.0c
Repairs, Upkeep, Accessories	2.6
Tires	2.0
Insurance, licenses, etc.	1.5
GASOLINE	1.5
Garage	.4
Total	11.0c

Operating Cost of Car No. 2—Price $1379.74
13494 Miles from April 19, 1918 to June 30, 1921, 18 Cents per Mile

Depreciation	4.9c
Repairs, Upkeep	4.7
Tires	2.4
Garage	2.4
Insurance, licenses, etc.	1.9
GASOLINE	1.7
Total	18.0c

Operating Cost of Car No. 3—Price $2238.22
33100 Miles from June 30, 1921 to March 13, 1925, 12.7 Cents per Mile

Depreciation	4.9c
GASOLINE	2.1
Insurance, licenses, etc.	1.8
Repairs, replacement, maintenance	1.6
Tires	1.1
Garage	1.2
Total	12.7c

Carrying Mr. Kellogg's computations a bit farther, we find that for the ten-year period, the average operating cost for the three cars was 13.9 Cents per Mile. Of this the cost of gasoline was only 1.7 Cents per Mile, or a fraction less than 12¼% of the total operating cost.

It is worth your while to consider these figures with care. We suggest that you keep an actual, detailed record of the cost of running your car. In this way you can know to a certainty how little money you spend on gasoline in relation to the total operating cost.

The Standard Oil Company (Indiana) continually concentrates the energies and facilities of its great organization on keeping the price of gasoline at a low level, to render the greatest service possible to the thirty million people of the Middle West, and to maintain the quality of its products at a high standard of excellence.

School Notes.

Fay Woodson Null, a senior in our school finished his fourth year's work in the Boy's Beef Club with a remarkably good showing. This year, feeding a Hereford calf, he produced the second best individual and the best in the Hereford class in Nodaway County, and tied for second honors in stock judging in the County contest. Going on to St. Joseph his calf was third in the large number of Herefords, and in stock judging he made 210 points out of a possible 250, lacking only 11 points of making high score. In company with other members of the class he visited herds at A. O. Stanleys, Jesse Engles, and William Bergs in Worth County, last Monday. His winnings in prize money aggregate $52.50 besides a handsome gold medal presented by Swift and Company for excellence in stock judging.

This is his best year and indicates still further success next year if he enrolls in the Beef Club.

The Ciceronian Literary Society held its first regular meeting Wednesday, September 30. Some very spicy numbers were put on and all were well received. Several musical selections were interspersed in the program. The juniors are to act as a program committee for the next meeting. At this meeting it was decided to take money from the treasury of the society and buy a water cooler and fountain for the use of the high school.

No rehearsal or orchestra practice last week on account of conductor Goforth being unable to leave Maryville, where he had charge of the school band that furnished the music for the fall festival.

Lawrence Logan picked apples in the Ford orchard last week. Dale Wynn and Howard Edwards also worked there Thursday and Friday.

Both tennis courts have been cleared of grass and have been marked off.

We played the Pickering basket ball team at that place last Friday. Three of the boys in the first team were unable to play and their places were taken by second string men. Pickering won the game. Next Friday we play Conception on our home court. Come out and see the game.

Debate material has arrived and the preparation of briefs will be the next work.

Practice on the play, "Charley's Aunt" will begin in a short time. It will probably be given about the middle of November. This is one of the most successful comedies ever given and has been very popular wherever presented. Exact date of presentation will be given later. Don't fail to hear it.

The freshmen boys mowed the weeds along the road in front of the church and school house. It helps the looks of things.

There will be no school Thursday and Friday of next week, when the Teachers' Association meets in Maryville.

Personals.

The rainy weather and muddy roads prevented many from attending the Festival Festivities in Maryville last week. Quite a number, however, were in attendance between showers.

Mrs. McCall, who lives in Southeast Missouri, is visiting at the home of her son Otis McCall and family.

B. S. Cox and family entertained for dinner Sunday the sisters of Mr. Cox, Misses Nettie and Nellie and Miss Nannie Cox of Kansas City, also Mabel Cox the daughter of B. S. Cox was one of the party.

Mrs. E. E. Saunders is on the sick list at this writing.

Cleta Null was out of school part of last week with the prevailing epidemic.

Mrs. Green who has been visiting relatives at Spring Hill Kansas for the past two months returned this week to the home of her daughter, Mrs. Ruth Cox where she will spend the winter.

Halley Ford and wife were trading in Maryville last Saturday.

R. V. McKee and family were Fall Festivals visitors Saturday.

L. A. King and family were in Maryville both Friday and Saturday, of last week.

CHURCH NOTES.

Sunday School and Church services were very well attended in spite of the rough roads. Where were you?

The Pastor's subject for Sunday morning was, "To What Do I Belong?" The scriptures used were Eph. 3:15; 3:6; 4:4. Among the points stressed were: The groups to which men belong, such as the lodge, clubs, family, church influence their lives and largely determines character. Our names may be recorded on the rolls of these groups and yet we may not really belong to the group. The church of Jesus Christ is not an organization, but an organism, a living, growing body with Christ as its head. To really belong to this body we must be a part of the body, not merely a hangeron. It is our privilege to belong to the greatest of all groups—the Church of Jesus Christ, which Paul calls, "The family of Heaven and earth."

The evening subject was, "A Definite Desire," based on Matt. 20:33 The need of definite petitions was stressed.

Plans are being made for a series of revival services within the next few weeks.

We were pleased to see Mr. and Mrs. J. S. Casteel in their pew at the Sunday morning services.

The pastor requests that all members of the church be present next Sabbath morning as this is the time set for the election of officers for the ensuing year. Will you make your plans to be present? This is your duty.

REV. R. UNDERWOOD,
Pastor.

Miss Matie Evans of Stewartsville visited home folks the week end.

The Patrons-Teacher Meeting which was given at the community hall Friday evening was well attended, considering the bad weather. A nice program was given, and lunch served which consisted of sandwiches, pickles doughnuts and coffee.

Claims Indigestion Easy to Get Rid of

Asserts Pepsin Is Best When Combined With Menthol and Other Good Invigorators and in Liquid Form.

Koch Pharmacy Guarantees It and Is Dispensing It to Many Stomach Sufferers.

You can be so distressed with gas and fullness and bloating that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one dessert spoonful of Dare's Mentha-Pepsin and in ten minutes the gas disappears, the pressing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief; but why not get rid of such attacks altogether? Why have chronic indigestion at all?

With this wonderful medicine you can banish indigestion or dyspepsia, catarrh of stomach or any abnormal condition that keeps the stomach in constant rebellion and one bottle will prove it.

And how happy you will be when your stomach is as good as new for then dizziness, nervousness, sleeplessness, headache, dull eyes and other ailments caused by a disordered stomach will disappear and you will be your old happy, contented self again. Koch Pharmacy and every regular pharmacist guarantees one bottle of Dare's Mentha-Pepsin to show the way to stomach comfort.—Adv.

NERVES ALL UNSTRUNG?

Maryville Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half-sick. Do you have a constant backache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Maryville folks recommend Doan's for just such troubles.

Mrs. J. W. Smith, 203 S. Market St., Maryville, says: "A dull, bearing down pain settled across my kidneys. The aching kept up for two or three days at a time and it seemed every time I stooped sharp catches took me through the small of my back. I was subject to nervousness and dizzy spells when little spots floated before my eyes. After using several boxes of Doan's Pills, I was rid of the attack." 60c, at all dealers. Two Major Advantages Studebaker Alone Offers

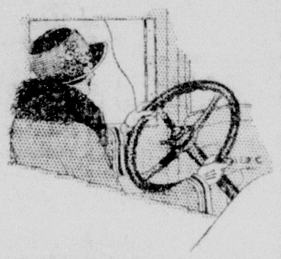
1-*One-Profit Value* 2-*Unit-Built Construction*

THERE are (as you probably know) only two manufacturers who actually build their cars complete — make *all* their own bodies, engines, clutches, steering gears, differentials, springs, gear sets, axles, gray iron castings and drop forgings.

One of these is Ford—in the low priced field. The other is Studebaker in the fine car field.

Because we eliminate the extra profits and overhead that many other manufacturers have to pay to outside parts and body makers—we are able to use finer materials and workmanship—yet charge no more than competing cars.



The steering mechanism is especially designed for easy driving with the big balloon tires

But there is another side to One-Profit manufacture—a feature that no careful buyer can afford to overlook.

Under this One-Profit policy the entire car is designed, engineered and manufactured as a complete, coordinate harmonious unit in Studebaker plants. Being Unit-Built it functions as a unit. And this adds years to its life—gives you scores of thousands of miles of excess transportation—greater riding comfort—minimum repair costs—and, finally, higher resale value.

Examine the Standard Six Coach closely—make detailed comparisons with other cars—and *you will understand* the full meaning of One-Profit value.

A Coach of quality

It is called a coach only because it is the lowest priced closed car ever sold by Studebaker. But it is a quality car through and through.

Do not buy this coach with the expectation that you'll have to trade it in at the end of a year or so. It's not a one-year car.

Instead, it has been honestly built to give you scores of thousands of miles of dependable service.

Notice the durable wool upholstery. See the heavy ornamental hardware; the plate glass windows and windshield; the fine trim to hide all tacks; the clock and gasoline gauge on dash; automatic windshield cleaner; stop light; locks on ignition, steering gear, door and spare-tire carrier—all operated by a single key.

These are all features that you can easily see. But down underneath that glistening coat of metallic enamel you'll find the same quality of materials and workmanship that are out in the open.

The sturdy frame for the body is built from the fine northern ash and hard maple. Slam the door and the sound says quality. Underneath the upholstery you'll find two layers of washed, quilted cotton, one layer of genuine curled hair and extra long springs closely held together by small coil springs. This is the identical cushion and seat construction used in the highest priced cars.

Long resilient springs made of special chrome Vanadium steel give greater buoyancy and protection from road shocks.

The crankshaft is completely machined on all surfaces to eliminate vibration. And the motor is the most powerful in any car of this size and weight, according to the rating of the National Automobile Chamber of Commerce. It is a motor built for smooth, trouble-free service at 5 to 55 miles an hour—not for excessive speed or spectacular stunts.

The body is smart in appearance — yet provides ample room to seat five passengers in real comfort. Ample room to enter or leave without disturbing occupant of folding seat.

Make comparisons before you buy

These are advantages made possible by One-Profit manufacture. Check them off point by point—in comparison with other coaches.

Only after you have seen this One-Profit Studebaker with its Unit-Built construction, will you realize why it offers a v[illegible] that cannot be obtained in any other car. It is the a[illegible] equivalent of Pullman transportation.

The Studebaker policy of "no yearly models" is a further protection to owners. Under this policy Studebaker cars are always up to date—we add improvements from time to time and do not save them up for spectacular annual announcements which make cars artificially obsolete.

Come in—let us demonstrate the Standard Six Coach without obligation on your part.

RULES

All want ads must be in by 12:30 o'clock on day of insertion.

Count the words of your ad, including the one or two words necessary for the indexing of your ad, and count each initial and each number or combination of figures as one word.

Misclassification is not permitted.

All advertisements are subject to the publisher's approval.

Always ask that your telephone ad be read back to you by the want ad taker to make sure that it has been taken correctly.

Want ad users should read their advertisements when they first appear and report any errors at once, as no allowance will be made for errors or misclassifications after the first day.

All orders from outside of Maryville must be accompanied by cash.

For further information, contract rates on Want Ads, etc., address The Advertising Department, The Democrat-Forum and Tribune Maryville, Missouri.

Closing Grain Review.

Chicago, Oct. 8.—Lead by wheat all grains finished under the previous close on the Board of Trade here today. Compared with today's opening wheat was higher at the close.

Wheat's session was erratic featured by rapid price changes. Sellers ruled in the pit.

Corn was under pressure all day with prices dropping into new low ground.

Oats held firm and finished on a slightly higher basis. General commission house selling caused sharply lower provisions prices.

GAYNOR ECHOES.

Friday ended our first month of school. Our average attendance was 18⅝, with an enrollment of nineteen pupils.

Laura Gaynor was a visitor at our school last Wednesday afternoon.

The floor of our school house was re-oiled last Saturday, which improves it greatly.

The M. E. Ladies papered the parsonage Friday and Saturday of last week.

The following books will be used as supplementary books this quarter: "B" class, "Four Great Americans;" "A" class, "Young Peoples History of the World War." The study was begun in these books Monday.

The floor for the furnace of our new high school building was put in last Thursday.

Paper towels, blackboard cleaner and two thermometers were added to our school supply last week, and all were greatly appreciated.

The people of the Brethern Church will give a play "Deaf and Dum," at the Gaynor school house, Wednesday evening, October 7.

Clarence Munn was absent last Wednesday on account of their sale.

PEP is Vitality

More energy will increase your earning ability

IT is the red blooded people who win success in this world! Red blood gives men and women the vitality—the energy—the strength and the activity to earn what they deserve!

Nobody can do justice to themselves when they are suffering for want of rich, red blood. It is this impoverished condition of the blood that causes so many failures in life. There's no place at the top for the weakling—the men and women with poor, weak blood.

Build up your blood! Get in the red-blooded class—and get the rewards you deserve. S. S. S. will do it for you! S. S. S. helps Nature build millions of red-blood-cells!

S. S. S. sends rich, red blood tingling to every fibre of your body and every pore of your skin. You are fairly radiant with energy, vim and vitality.

You'll look like success, too! The rich, red blood that S. S. S. helps Nature build for you will clear your skin of any ugly blemishes—your eyes will sparkle with enthusiasm — firm, solid flesh will round out your figure—strength and power will come to weak, flabby muscles.

BEARCATS ARE FULL OF PEP

IN SNAPPY WORKOUT YESTERDAY AFTERNOON.

ALL IN CONDITION

Paul Stone Returns For Workouts—Peru Expected to Furnish Strong Competition For Locals.

The football team of the State Teachers College is undergoing a rigorous drill in preparation for its first home game, which is to be played tomorrow afternoon with the Peru Normal School eleven of Peru, Nebr. Lengthy practice all this week and a hard scrimmage yesterday helped to iron out the kinks in members of the squad displayed in the battle against the Highland Kan., team last Friday in which the Bearcats returned with a 12 to 0 victory.

The Bearcat team will meet a much stronger foe this Friday than were the victims last week. Peru has a heavy combination, a combination of old men, and a combination that has had an edge the better of the Maryville team in tilts prior to this year.

Coach Lawrence was well pleased with the workout of the squad in practice last night, but is far from confident of a victory over the Nebraska team. The Bearcats demonstrate that when they get to pulling together and co-operating that they can play real football, but in some of the workouts they have displayed a medicore brand of the art of football.

After practice Tuesday night Coach Lawrence told his charges of their bad mistakes and pointed out many means of improvement. Whatever the coach may have said, the men took to heart, displaying a zip to the workout. With the same kind of a fighting spirit Friday the Bearcats are going to be a tough foe for the Nebraskans.

Paul Stone, dependable guard, is back for practice and is going to be a hard man to beat out of his old position.

All of the men are in good condition. Coach Lawrence has not announced the line-up for the game this week, although it is probable that it will be similiar to the one used against Highland. This does not mean that the rest of the squad will not get into the game. The game is a non-conference affair and will be used to test out the strongest combinations in preparation for the big Homecoming Game against Kirksville Friday. However, Coach Lawrence has his mind on one day at a time and the problem facing the Bearcats at the present time is to beat Peru.

The bleachers at the College have been moved across the cinder track and are now within a few feet of the grid-iron proper. With this change in seating arrangement it is hoped that everyone will remain in the seats and not attempt to crowd out upon the field.

BALLS AND STRIKES.

(United Press)

Pittsburgh, Oct. 8.—It was a cold night for fans who stood in line at the bleachers for the opening game. They huddled around impromptu bonfires and sang through chattering teeth to keep up their spirits.

Ralph Arkle, a local fan, was the first man in the line at the general gate Tuesday night. He was so cold and blue he hardly could explain that he picked the Pirates to win in four straight games.

Ralph P. Stillman, 65, of Old Saybrook, Conn., claims to have seen every world's series since 1903. He was among the early arrivals.

Although ticket scalpers opened offices downtown and worked openly the lobbies of the large Pittsburgh hotels without molestation, two men alleged to have been offering world's series tickets for sale were arrested last night at the William Penn hotel. They were held in $500 bail.

A drizzling rain soaked the hardy fans who stood in line for the gates to open for the first game Wednesday. Two Columbus, O., boys, R. S. Crabtree and Hamilton Roeby, discovered another general admission gate and fixed themselves a lean-to which provided some shelter.

Robert Kline of Denver, Colo., was the second in line of the bleacherites for the opening game Tuesday. He too was a Pirate rooter.

Frank Cummins is in St. Joseph today on business.

The Farmers Union To Meet at Hopkins

State Convention To Be Held There Tuesday, Oct. 13—Delegates From Many Places To Attend.

(Hopkins Journal)

Hopkins is to be honored with the state meeting or convention of the Farmers Union of Missouri when delegates from all over the state will be here.

The meeting will be an all day one and will be held on Tuesday, Oct. 13.

The program and dinner will be held at the Presbyterian church and a big attendance is desired and expected.

Frank Miller, county president of the Union, is arranging an interesting program and requests all locals to co-operate in helping to make this gathering all that it should be.

All are asked to bring well filled baskets and it goes without saying there will be plenty and to spare.

State President, D. B. Kendell, of Princeton, will be here as well as B. G. Woodward of McFall, who is known throughout the state as authority on farming and agricultural conditions in general. Mr. Emmerett, head of the Union commission company of South St. Joseph, is expected as well as other big men conected with the work of advancing the interests of the farmer, including G. F. Black of Ottumwa, Iowa.

Not only members of the Union, but others are invited to come and enjoy and take part in the program if they so desire.

At night, the Valley local will put on a home talent play, free to everybody.
